

Kentmere Annual Parish Meeting
14th May 2012

Report from Kentmere Institute

It is a while since we have had an Annual General Meeting of the Institute but we do have Committee Meetings.

Those of you who pass the building will hopefully have noticed that it has been painted. The work was done by Mark Borrowdale at a cost of £1650 (approx). We received grants of £500 from the Upper Kent LAP and £622 from the Upper Kent Neighbourhood Forum towards the cost.

We have decided to block up the door on the south side as it is not needed, and then we are going to insulate the roof as the next step in the renovations.

Financially we have £10,000 in a renovation account and £3,600 in the building society plus a Barclays account for day to day running use.

If you have any questions please ask me at the Parish Meeting.

Christine Hevey
