WHISTLE DOWN THE WIND is a real classic. It has everything - humour, pathos, skilled acting, beautiful cinematography and it deals with the deepest questions of human existence. It seems to touch on deep themes which films rarely dare to nowadays - themes of belief, faith, and the meaning of love.

The photography of the bleak Lancashire countryside is superbly crisp and the facial expressions of the actors (especially Alan Bates) let us know exactly what is going on in their minds. The children interact entirely naturally and they are not merely credulous, but curious and questioning ('he's not Jesus, he's just some fella').

Saturday 19th June 2021 7.30pm

OCTOBER SKY

Based on a true story, Jake Gyllenhaal stars as the schoolboy inspired by the first Sputnik launch to take up the study of rockets, but very much against his coal-miner father's wishes.

Saturday 31st July 2021 7.30pm

3:10 TO YUMA

A small time rancher agrees to hold a captured outlaw awaiting a train to go to court in Yuma. A battle of wills ensues as the outlaw tries to psych out the rancher. Starring Russell Crowe and Christian Bale.

Saturday 28th August 2021 7.30pm

BOHEMIAN RHAPSODY

A foot-stomping celebration of Queen, their music and their extraordinary lead singer Freddie Mercury, the film traces the meteoric rise of the band through their iconic songs and revolutionary sound. Despite huge success, Freddie, surrounded by darker influences, shuns Queen in pursuit of his solo career.

Saturday 25th Sept. 2021 7.30pm

PARASITE

Thrilling, mischievous, dazzling - this international phenomenon won four Oscars, including Best Picture. Greed and class discrimination threaten the newly formed relationship between the wealthy Park family and the destitute Kim clan.

Saturday 14th Oct. 2021 7.30pm

THE CHORUS

... 'totally wonderful' -The new teacher at a severely run boys' boarding school works to positively affect the students' lives through the magic and power of music.
